

She Goes Down

Billy Squier

She goes down
She...walks into your life so effortlessly
Makes you swallow...she go downShe make you look--she's trouble boy, oh yea
She'll take your life into her hands, oh yeaShe goes down--she never gets enough
She goes down--she never gives it upShe...laughs at all the things you pretend to be
You're a gone boy...she's the oneShe got the look--she's soul attraction
She'll lead you out across the line
She got the love that comes in colors
She got the touch that's hard to findShe wrote the book--spells trouble boy, oh yea
Run for your life--she'll make your plans, oh yeaShe goes down--she never gets enough
She goes down--she'll never give it up
Cause she makes you...she go down
Say she'll take you ...she go downShe acts out all your dreams--she'll be your fantasy
You're a schoolboy in her arms and she'll teach you
She got the love that comes in colors
She got a touch that's hard to find
She got the gun--she's got the power
She'll shoot it up do you dare to tryShe makes you...she go down
And she'll break you...stick aroundShe goes down--she never gets enough
She goes down--she never gets enough
She goes down--she'll never let you up
And she'll take you...she goes down
And she'll make you...she goes down
