

Blanket

Violent Soho

I dropped
and I hit the floor
Cold pavement rubbed my leg and
left me low That bleed
a bit of extra soul
Tough mother fucker thinks he owns
the world I'm leaving this for the martyrs
I'm leaving this I'm through
Wrap me like a blanket
Cover me I'm through I'm leaving this for the brawlers
I'm leaving this I'm through
Throw me in the river
Somebody cut me loose
Well I'm gonna take my time
and I'm gonna live my life
Someone recognise this
Somebody cut me dry Throw me in the river
Let 'em fall don't lie
I won't recognise this
I'll be a sacrifice C'mon
Don't leave me out to dry
This 'tory conference is going all night I'm leaving this for the martyrs
I'm leaving this I'm through
Wrap me like a blanket
Cover me I'm through
I'm leaving this for the brawlers
I'm leaving this I'm through
Throw me in the river
Somebody cut me loose and I'm gonna take my time
I'm gonna live my life
Someone recognise this
Somebody cut me dry Throw me in the river
Let 'em fall don't lie
I won't recognise this
I'll be the sacrifice and I'm gonna take my time
and I'm gonna live my life
Someone recognise this
Somebody cut me dry
Throw me in the river

Let 'em fall and lie
I won't recognise this
I'll be the sacrifice
I'm leaving this for the brawlers
I'm leaving this I'm through
Throw me in the river
Somebody cut me loose
Don't wanna let you down
Don't wanna let you down
Don't wanna let you down
