

You're Not Alone

Home Grown

Just say goodbye and close the door
Turn off the light and pick up the pieces, if you need them
This world is cold but just know you're not alone
No, you're not alone I know what you're thinkin'
I know how you're feelin'
Believe me, you're not alone I know what you're thinkin'
I know how you're feelin'
Believe me, you're not alone I've been there before just where you are
And not quite so sure that I'd done the right thing, believe me
And this world is cold so I'll make sure you're not alone
No, you're not alone I know what you're thinkin'
Know how you're feelin'
Believe me, you're not alone I know what you're thinkin'
I know how you're feelin'
Believe me, you're not alone, no Why don't you stay with me tonight?
'Cause I know everything is not alright
Why don't you stay with me tonight, yeah?
'Cause I know everything is not alright and that's not alright I know what you're thinkin'
I know how you're feelin'
Believe me, you're not alone I know what you're thinkin'
I know how you're feelin'
Believe me, you're not alone No you're not alone
