End Love

Ok Go

Oh sugar, oh sugar
Can't you see how hard I'm trying?
You know you gotta, you know you gotta
Eventually make up your mind.
'Cause no one's gonna find you
When you're hiding in the dark
No one's gonna find you
When you're hiding in the dark
No one's gonna find you
When you're hiding in the dark
No one's gonna find you
So won't you, so won't you talk to me?
It's time to decide
'Cause no one's gonna save you
If you don't swim for the boat
No one's gonna save you
If you won't take the rope
No one's gonna find you
When you're hiding in the dark
No one's gonna find you
And it's end love, the sky is falling
End love, the sky is falling
The sky is falling
So sugar, so sugar
Dance with me this one last time
We got no reason, we got no reason
I can see to hold back tonight
'Cause no one's gonna catch you
If you can't just let go
No one's gonna love you
If you can't let love show
No one's gonna find you
When you're hiding in the dark
No one's gonna find you
And it's end love and the sky is falling
End love and the sky is falling
The sky is falling
Oh sugar, oh sugar
Can't you see how hard I'm trying?

You know you gotta, you know you gotta
Eventually make up your mind
And it's end love, the sky is falling
End love, the sky is falling
The sky is falling
End love, the sky is falling
End love, the sky is falling
End love, the sky is, the sky is falling
End love, the sky is, the sky is falling
