

Taste Like Monday

Bleeding Hearts Syndicate

You should see me on a Saturday night
With tubes screaming and guits on fire
We all look pretty different with the lights out
You should ve seen me on the second floor,
But never made it through that door
I musta waited forever, baby !
Take me home nowIm down So down
Going six feet underground
Believe it Times up
Im ready to go !You should see me on a Saturday night
Just like a bare-feet Valentine,
My last shot Tequila dry
Taste like MondayIm down So down
Take this bloody bastard outa town
Believe it Times up
Im ready to go !
Yeah I m down So down
Already six feet underground
Believe it Times up
Im ready to go !
