

# Your Love Is a Miracle

**Mark Chesnutt**

Out on the highway  
A lot of pretty girls go by  
But none have been right  
Up until today I would never settle down  
But you keep coming around And your love is a miracle, it's spiritual  
Got here just in time  
Your love is a miracle, it's visible  
Even to a heart that's blind like mine Out in the wild life  
A lot of people telling lies  
Lookin' right in your eyes  
And up until tonight  
I was always on the prowl  
But now I'm settlin' down 'Cause your love is a miracle, it's spiritual  
Stands the test of time  
Your love is a miracle, it's visible  
Even to a heart that's blind like mine Anyone can see  
What you're doing to me  
And everyone can see  
That you're everything I need 'Cause your love is a miracle, it's spiritual  
Got here just in time  
Your love is a miracle, it's visible  
Even to a heart that's blind like mine
