

# No Retreat (Ft. B-Real)

## Dilated Peoples

"The mind-blowing party-rocking Platform crew" (scratched 4x)  
"That's Rakka-Iriscience, Evidence, Babu"[Iriscience]  
It's no retreat, hit the street, get my plane confirmation  
To the other side of the world, a daily operation  
First stop in Vegas, can't keep these lions locked in cages  
We rock in places where alcohol's for all ages  
On stages, in great heights land in London at night  
LAX today, MP tight  
A 2000 Technique cha, cut and freak  
Detonate our drums, heat the plastique[Evidence]  
Ayo funky, straight up with the force to keep fighting  
Samson, Atlas, Collossus, Titan  
In the dark night the torch that enlightens  
Our strong cast-iron, harder the lion  
A mighty foundation, many mouths to feed  
With the energy needed to turn a seed to weed  
We're fortified tight, sturdy sound construction  
Make rappers "Duck Down" like I'm Boogie Down Productions[Iriscience]  
Yo, stand my ground, dig in with both feet  
No surrender, no turning no cheek, no retreat "To the enemy" "No surrender no retreat" (Repeat 2x)  
[Evidence]  
Yo we serve a full spectrum of flavors that's robust  
Hustle in the same industry I don't trust  
I know California dig it like a gold rush  
And worldwide no retreat, we cold crush  
Beef up support, insulate your stage or pay  
Make way for the prophets of rage  
While they engage to let you know we're in a new age  
Babu will make a DJ turn a new page[Iriscience]  
Cause that's a dangerous man that can speak with his hands  
Watered-down lyrics on dirty tracks turned to sand  
To sink in, better watch the X that you ink in  
Or on, disrespect us, step on my lawn  
Skip the death threats, MC or graph and test these wrong  
Your letters are wack, they get blown like mailbombs  
I'm on the next train to your thought that's caught  
Where I'm going, no retreat, hit the beat, exit the plot[Evidence]  
Yo, stand my ground, dig in with both feet  
No surrender, no turning no cheek, no retreat "To the enemy" "No surrender no retreat" (Repeat 2x)

[Iriscience]

Uh, no retreat, get right up back out  
Cuff the mic that's wack, develop tools to tap out  
No doubt, Dilated's turning pros to flows  
(No retreat) I risk my life on flights for hype shows[Evidence]  
And now you rocking with the camp that rocked last at Tramps  
Worldwide, collecting little passport stamps  
From the body to the mind like I'm Jesse Ventura  
This millennium and mark 2000 like Futura[Iriscience]  
Bet, rest assured vaccines ain't far from cures  
PLant some new shit, hit me two weeks into tour  
But I'll adapt, guaranteed make it through  
Eveidence, Iriscience, and my man Babu[Evidence]  
We freak by the KNK crazily  
Pro game, expansion team, major league  
Rakka-Iriscience trained to go the length  
I'm an all-terrain think tank at full strength[Iriscience]  
Yo, stand my ground, dig in with both feet  
No surrender, no turning no cheek, no retreat "To the enemy" "No surrender no retreat" (Repeat 2x)
