Crow Killer

Unearth

Capture your souls with a vengeful fist
I will hunt down and conquer
Send your best to the grave
For your crime I've sufferedI lurk in the shadows
Entombed in spite filled rage
No furrow will escape the blade
For your crime they all will payHell on your earth
Hells wrath brought on your head
Hell on your earth
For your crime I've sufferedThey'll pay with their blood
They'll pay with their blood
They'll pay with their blood
They'll pay with their bloodHell on your earth
Hell's wrath brought on your head
It's on your headHell on your earth
Hells wrath brought on your head
Hell on your earth
For your crime I've sufferedHell on your earth, hell on your earth
Hells wrath brought on your head
Hell on your earth
For your crime I sufferedI've suffered, I've sufferedA twenty year wait ends at last
This revered soldier lays his vengeance down
A twenty year wait ends at last
This revered soldier lays his vengeance down
