

# Starlight, Starbright

Maureen Evans

Starlight, starbright  
Come out of the dark Hear me wishing on it  
Starlight, hear me crying at the moon  
Oh, I'm wishing for you, starbright  
(I'll get ya) Starlight, starbright  
Come out of the dark  
Starlight, Starbright  
And into my heart Every night hear me wish for you  
Every night hear me call your name  
Oh starlight, it's true  
(I'll get ya) Starlight, starbright  
Come out of the dark  
Starlight, starbright  
And into my heart Starlight, starbright  
Come out of the dark  
Starlight, starbright  
And into my heart Starlight, starbright  
Come out of the dark
