

# Tonight I Have To Leave It

## Shout Out Louds

Don't you come up to me and say you like it  
It's better if you say you hate it, that's the truth exactly  
When we go out dancing I don't want to be bothered  
Just want to be bothered with real love So I heard it's no good to run  
But it feels so much better now that it's done  
And tonight I have to leave it  
Yes, tonight I have to leave it So, so I heard you know how to write it  
Does it mean you're good at putting things on paper?  
Rumors say that you're very sorry  
Oh no, you're not sorry, no, you're not So I heard it's no good to run  
But it feels so much better now that it's done  
And tonight I have to leave it  
Yes, tonight I have to leave it Yes, tonight I have to leave it  
Yes, tonight I have to  
Yes, tonight I have to leave it Give love, give love  
Why won't you give love, give love?  
Why don't you give love, give love, give love?  
Why won't you give love, give love, give love? Yes, tonight I have to  
Oh yes, tonight I have to leave it  
Yes, tonight I have to  
Yes, tonight I have to  
Yes, tonight I have to leave it
