

# Tallahassee's For Hookers

## Across Five Aprils

Raw dog or no dog baby  
You've got the move that's gonna drive me crazy  
Don't look at me like you're about to take off  
You're gonna see me when you dream 'Cause right now this might seem shady  
Keep the faith and tell me maybe  
'Cause in a minute, the means will justify  
An end that's gonna make you scream I give you credit, more than I think I should,  
But looking at ya, you seem like the tool that would  
Fall for any guy who lives a life on the road  
You're getting starry eyes just because you were told Well he could see you look at him from across the room  
And everything you heard about him is so untrue  
Another drink for you is gonna make it easy to see  
You're the lucky girl coming home  
Raw dog or no dog baby  
You got the move that's gonna drive me crazy  
Don't look at me like you're about to take off  
You're gonna see me when you dream Bring home your friend Sally  
'Cause three's a crowd, but not in Tally  
'Cause in a minute, the means will justify  
An end that's gonna make you scream And please don't be the one who needs to be  
Just another victim on a Saturday night (Saturday night)  
You'll come with me I'll show you the light  
Please don't make me be the one you need to be  
Another victim on a Saturday night (Saturday night)  
You'll come with me I'll show you the light I know you wanted hope, but I left it on the dance floor  
Who wants this beauty queen? Not me  
Who wants this queen of scene?  
Tell her she lost the king  
Come claim your beauty queen, she's free from me  
Come take this queen of scene  
'Cause she's got no need for me  
Breathe deep, breathe deep, breathe deep I give you credit, more than I think I should  
But looking at ya, you seem like the tool that would  
Fall for any man who lives a life on the road  
You're getting starry eyes just because you were told Well he could see you look at him from across the room  
And everything you heard about him is so untrue  
Another drink for you is gonna make it easy to see  
You're the lucky girl coming home Please don't be the one who needs to be  
Just another victim on a Saturday night (Saturday night)

You'll come with me I'll show you the light  
Please don't make me be the one you need to be  
Another victim on a Saturday night (Saturday night)  
You'll come with me I'll show you the light  
When I look back on all the things that let us be  
Your hope may still linger here, but you couldn't handle me  
When we ever look back on all the things you let us be  
Your hope may still linger here, but you couldn't handle me  
You couldn't handle me  
You couldn't handle me
