Sucker For Love

Frank Ocean

Im not a sucker for love)Were fussin and fightin
All day and nights end
Wondering if we ever change
Sittin here thinking
For one damn reason
Why you wanna push it awayI swear that I know you know
I never knew you
The shit that weve been through is not
The only thing that broke me down
Girl you should know by now
I shouldve never put my trust in youSo listen to me girl
Cause this is how it goes
You play me for a fool
Ive been down that road before
Cause I aint even trying to go back to be giving everything
Cause aint nothing better than reconsidering the pain
Now your heart is bleeding tears
Theyre falling down your face
Said to get a grip cause you can always be replaced
Cause I aint even trying to go back to giving you my all
Cause aint nothing better than reconsidering the fallIm not a sucker for love
You can be my homie be my lover
Girl I put that on everything
Im not a sucker for love (no)
Even though I wine you and dine you
and always keep you entertained
Im not a sucker for love
Dont take my kindness for weakness
and then expect me to treat you the same
Im not a sucker for love (no)
Ill drop you off on the turnpike
then continue switching lanesCause Im all over you
Uh-huh
All over you
Uh-huh
All over you girl
Im not a sucker for love (no)
X4
(cause Im)If theres a moment in truth in a relationship

You getting close to it
Girl I aint trying to hear it
Dont try to explain
I give you everything
Youre throwing it away
Hey hey girl
Now your telling you need a minute or two
To think about those 4 letters you said to me
Your pushing me to the ledge
Hangin over the edge
And Im about to let it goSo listen to me girl
Cause this is how it goes
You play me for a fool
Ive been down that road before
Cause I aint even trying to go back to be giving everything
Cause aint nothing better than reconsidering the pain
Now your heart is bleeding tears
Theyre falling down your face
Said to get a grip cause you can always be replaced
Cause I aint even trying to go back to giving you my all
Cause aint nothing better than reconsidering the fallIm not a sucker for love
You can be my homie be my lover
Girl I put that on everything
Im not a sucker for love (no)
Even though I wine you and dine you
and always keep you entertained
Im not a sucker for love
Dont take my kindness for weakness
and then expect me to treat you the same
Im not a sucker for love (no)
Ill drop you off on the turnpike
then continue switching lanesCause Im all over you
Uh-huh
All over you
Uh-huh
All over you girl
Im not a sucker for love (no)
X4Oh let it breathe
Take it like amphetamines
Try to lead try to dream
See it as possibilities
Be real with me
Even with my ego you deal with me
See we close the deal you see
From pico to melanie

Giving you everything
Everything that you see
Necklace no diamonds
Watches no time and
Grinding
Im a show you Californias finest
If you trip then you letting out that demon
Going and buyin inIm not a sucker for love
You can be my homie be my lover
Girl I put that on everything
Im not a sucker for love (no)
Even though I wine you and dine you
and always keep you entertained
Im not a sucker for love
Dont take my kindness for weakness
and then expect me to treat you the same
Im not a sucker for love (no)
(cause no one loves you like love you)
Ill drop you off on the turnpike
then continue switching lanesCause Im all over you
