Stewardess

sElf

north eastern southwest mississippi
i'm going to reach my destination alone
north eastern southwest mississippi
i'm going to reach my home
i'll wave to the river as i'm flying over
north eastern southwest mississippian
never mind the times
and as a matter of fact, you're just the kind - alone and temperamental
so rewind the clock, the machine, and your one-wheeled unicycle
and as a matter of fact, you're underpaid for all that you can offer
so tell the boys that they can fight over your one-starred uniform
