

# Home From Home (feat. Low Roar)

Davidge

My head, it can't keep up  
Calling on its way  
Back where it begins To blame is to refuse  
To hide away from truth  
Excuse after excuse Now keep my mind safe  
Hidden in the bed  
Hidden in vain The feeling I can't shake  
Lying wide awake  
Hiding wide awake This puzzle is my home  
The pattern that I know  
My home away from home Now keep my mind safe  
Hidden in the bed  
Hidden in the bed Where am I? (x6) (Where am I? Where am I?)  
This feeling I can't shake  
I'm lying wide awake  
(Where am I?)  
I'm hiding wide awake (Where am I? Where am I?)  
This puzzle is my home  
Patterns that I know  
(Where am I?)  
My home away from home
