Friday Night

Eric Paslay

I don't wanna be your Monday morning heading back to work
Stuck in traffic going slow, nothing on the radio
I don't wanna be another chore to check off on your list
Of things you gotta do and places that you gotta go
Oh noI wanna be your Friday night sweet ride
Summertime sunshine barefoot in the moonlight
I wanna be your jackpot hot spot
Wide open road in a candy apple rag top
I wanna set you free
I wanna take you high
I wanna be, wanna be your Friday nightWe can rock together, let the good times roll forever
Fill up our cup make a memory, drink it up
I don't wanna miss another minute, wanna live it with you
Beneath the blue sky fallin' in loveI wanna be your Friday night sweet ride
Summertime sunshine barefoot in the moonlight
I wanna be your jackpot hot spot
Wide open road in a candy apple rag top
I wanna set you free
I wanna take you high
I wanna be, wanna be your Friday nightI wanna be your lemonade in the shade
Money in your pocket cause you just got paid babeI wanna be your Friday night sweet ride
Summertime sunshine barefoot in the moonlight
I wanna be your jackpot hot spot
Wide open road in a candy apple rag top
I wanna set you free
I wanna take you high
I wanna be, wanna be your Friday nightFriday night
Friday night
