Is It Over?

Thievery Corporation

far
far away.
i remember.
the world has gone astray
close your eyes
hold your breath.
dream safer from the stars
and now i'm tangled in her web.time ever passing
i hear strange ghost
fragments remind me of a memory that's now broke
shadows and fiction
i don't understand
do we ever really hold our dreams we thought we had?is it over?
is it over?
is it over?say goodbye
say goodnight
like a cloud afloat the ocean,
i'm just drinking in a day.
such a night
in a boat
stranded in the moonlight
it's become my own refuge.time ever passin
i hear strange ghost
shadows remind me of the memory that's now broke
shadows and fiction
i can't understand
are we ever really in control of dreams we have?is it over?
is it over?
is it over?
is it over?
