Go On

Super Stereo

Please listen closely
'Cause my voice is weak
And it hurts to speakWe'd been traveling
at the speed of sound
But then we slowed down (and no one's around)Oh no (4x)Go on your way, no need to stay
We'll find a way home
No don't delay, we'll be okay
We'll find a way homeIt's hard to say this
But, it's all gone wrong
And we don't have longStick with the others,
now don't open that door
Couldn't ask you for more,
never failed me beforeOh no (4x)Go on your way, no need to stay
We'll find a way home
No don't delay, we'll be okay
We'll find a way homeGo on your way, no need to stay
We'll find a way home
No don't delay, we'll be okay
We'll find a way homeInstrumental BreakHey would you go, go, go
And get out while you can
There's been a change of planBut believe us when you leave us this way
We'll come out a-okay,
we can sneak awayBut believe us when you leave us
Maybe it's not what you thought but..Oh no (8x)Go on your way, no need to stay
We'll find a way home
No don't delay, we'll be okay
We'll find a way homeGo on your way, no need to stay
We'll find a way home
No don't delay, we'll be okay
We'll find a way homeGo on your way, no need to stay
We'll find a way home
No don't delay, we'll be okay
We'll find a way home
