Nobody But You

Cassie

I'm all wrapped up in his arms,
but you're the one I really want
Truly he's the nicest guy, but I want you and I dont know why
We fought more than Tyson and Holyfield,
Something about us felt so real
Now what next to do?
I dont want nobody but you
I dont,
I dont want
i dont want
i dont want
i dont want nobody but you
After all you put me thru
I dont want
i dont want
i dont want
I dont want nobody but you
After all you're still my boo
I dont want
i dont want
i dont want
i dont want nobody but you
After all you put me thru
I dont want
i dont want
i dont want
I dont want nobody but you (but you)
I seen you in the store yesterday
I was hoping you would look my way
In line with things i used to buy us,
reminded me of me and you
Im still wondering how i feel
so strong about something i left last year
Its scandalous how I sleep beside dude,
but all dream of is you
I dont,
I dont want
i dont want

i dont want

i dont want nobody but you
After all you put me thru
I dont want
i dont want
i dont want
I dont want nobody but you
After all you're still my boo
I dont want
i dont want
i dont want
i dont want nobody but you
After all you put me thru
I dont want
i dont want
i dont want
I dont want nobody but you (but you)
U got me sittin (right here)
with my back facing this man
You're tormenting me, in my serenity,
I cant get you outta my head
I dont want
i dont want
i dont want
i dont want nobody but you
After all you put me thru (eh)
I dont want
i dont want
i dont want
I dont want nobody but you (you) (eh)
After all you're still my boo
I dont want
i dont want
i dont want
i dont want nobody but you (but you, eh)
After all you put me thru
I dont want
i dont want
i dont want
I dont want nobody but you (but you)
oh
oh
oh
Cassie!
