

# Benediction

## Phazer

What is that? In the name of god  
Like the born flood at the lost sunrise  
Pure mind fed up with the sound of hope  
Scour Heart with the bloody knees

I can sing while Iâ€™m flounder  
So I mate my pain  
Also I can see the godsend  
And love you at all  
Scourge your back now  
Scream to the Lord

You are smiling at misery  
Sacrifice the cattle to the manner gods  
Your soul grows with the scary saviour  
You can see my simple denial

I can sing while Iâ€™m flounder  
So I mate my pain  
Also I can see the godsend  
And love you at all  
Scourge your back now  
Scream to the Lord

I wake me, I discover me  
I canâ€™t believe in that story  
I hurt me, I struggle that  
Iâ€™m sorry mi lord, I got to break you  
Scourge Your Back Now  
Scream to the Lord

I donâ€™t need a book to tell me  
What I can or cannot do  
I feel my inner expectations  
I choose my inner conceptions

I can sing while Iâ€™m flounder  
So I mate my pain  
Also I can see the godsend  
And love you at all

Scourge your back now  
Scream to the Lord  
Scourge your back now  
Scream to the Lord
