

# Ripoff

Ian Hunter

I don't wanna be no traitor to the cause  
But England is a luxury not many can afford  
There's people going under, it's getting out of hand  
Whatever happened to our, our green and pleasant land? It turned into a wilderness, it turned into a third world  
country  
Most people ain't getting what they pay for  
Some people gettin' more than they should be  
I know, I know, I'm an alien but what are you gonna do  
I wanna live in England but it gets to you  
It gets to you, it gets to you, it gets to you I really don't know why England's such a ripoff  
It's crazy but it's true  
I really don't know why, England wants to ripoff you  
England wants to ripoff you, England wants to ripoff you What do you do when you find out?  
Where do you go if you leave?  
There's no place like home, that's what they say  
And that's what you always believed Someday you might win the lottery  
Someday you might win the pools  
But that's all you've got, that's all you've got to live for, to live for  
That's all you've got, that's all you've got to live for, to live for, yeah To be or not to be? That's the question  
Oh, what's it gonna be?  
I'd love to live in England but it gets to me  
It gets to me, it gets to me, yeah, it gets to me I really don't know why, England's such a ripoff  
It's crazy, but it's true  
I really don't know why, England wants to ripoff you  
England wants to ripoff you, England wants to ripoff you I really don't know why, England's such a ripoff  
It's crazy, but it's true  
Oh, I really don't know why, England wants to ripoff  
England wants to ripoff, England wants to ripoff  
England wants to ripoff, England wants to ripoff you  
And you and you and you and you and you and you and you and you  
And you and you and you and you and you and you and you and you And thanks to you  
And thanks to you  
And thanks to you
