

Into the Night

[Lisa Germano](#)

In the wrong time
In the wrong place
In the wrong mind Can't find the time
Can't find the thoughts
Can't find the signs Everything seems
Just as it seems
Just as it seems Losing the feel
Lost all the feel
Of real things Close your eyes
Not a pretty sight
And I'll tell you what
It's not gonna be alright
This time What not to see
What not to hear
What not to be When you begin
Seeing your sins
Seeing your sins Every thing's missing Lost all the feel
Losing the need
For real things Close your eyes
It's not a pretty sight
And I'll tell you what
It's not gonna be alright
This time
