

Mourning Prayer

Electric Wizard

Poison clouds in the sky
Acid rain in my eyes
Starving children of my T.V., yeah
Victims of technologyPoliticians, can't they see?
Their greed is destroying me
Politicians, are they blind?
Time's run out for mankind, yeahDevil plunges into the sun
Things were said but nothing done
Now too late, can't you see, yeah?
Human race wants their diseaseYeah, alright
