

# Shoot Shoot

## Stuck in the Sound

Was a fast tough woman, loved to play the clown  
You won't do nothin' about it  
Break a good boy's resistance downKnow she's got a pistol  
Laid it down on me  
She said shoot shoot, shoot it boy  
You gotta shoot it for meTrust me like she was worth it  
Never knew I was her kill  
And two forty five's would do the trick and pay the billsKnow she's got a pistol  
Laid it down on me  
And she said shoot shoot, shoot it boy  
You gotta shoot it for meI've really got to get a fast ride out of here  
Gotta get a fast ride out of here  
Gotta get a fast ride out of here  
Gotta get a fast ride out of hereHoldin' out in my hotel room  
Police they finally come  
Had her as the prosecution  
And my prints upon the gunKnow she's got a pistol  
Laid it down on me  
And she said shoot shoot, shoot it boy  
Shoot it for meI've really got to get a fast ride out of here  
Gotta get a fast ride out of here  
Gotta get a fast ride out of here  
Gotta get a fast ride out of here now
