Fat Spliffs

Slightly Stoopid

When we coming home, love pick up a phone Said, you know we both feeling something inside our heart

If he is to stay, had to go away

Now they both feeling they gotta be apartTo my mother, I love you, ain't no one above you

When the morning come you're still inside my heart

Them reasons, they wrong, gonna carry on

No, we got to beNo, why does this man find them only reason

To ease down they temple? Yeah

Fat spliffs of weed, summertime be better when they got sensimilla

Yeah, no no no yeah, no no no yeah, oh yeah, oh yeahNow, when we coming home, love pick up a phone

You know they both feeling something inside the heart

If he is to stay, had to go away

Now they both feeling they gotta be apartTo my bother, I love you, ain't no one above you

When the morning come you're still inside my heart

The reasons, they wrong, gonna carry on

Said, you got to beNo, why does this man find them only reason

To ease down they temple? Yeah

Fat spliffs of weed, summertime be better when they got sensimilla

Yeah, no no no yeah, no no no yeah, oh yeah, oh yeahLord, I got to go, seek weed, you never know when I

Lord, I got to go, seek weed, you never know when I, yeah

Oh Lord, I got to go, seek weed, you never know when I

Lord, I got to go, seek weed, you never know when I, yeah
