I'll never leave this place
No, I'll never leave this place
I'll never leave the place where I was bornBecause beyond these town limits
Even though I've never seen 'em
There's really nothing else to explore
There's nothing more, there's nothing more
There's nothing moreWhere is your intrigue and interest?
You don't have any questions or wonder
Why would I leave this place
When I'm comfortable right here
Everything I need and more isn't far, it's hereI'll never leave this place
No, I'll never leave this place
I'll never leave the place where I was bornBecause beyond these town limits
Even though I've never seen 'em
There's really nothing else to explore
There's nothing more, there's nothing moreYou have created a fossil
A focus, very close minded viewThere's no telling where we'll be
At this same time next year
But I do know one thing
It won't be far from hereI'll never leave this place
No, I'll never leave this place
I'll never leave the place where I was bornBecause beyond these town limits
Even though I've never seen 'em
There's really nothing else to explore
There's nothing more, there's nothing more
There's nothing more, there's nothing more
