

Perfect Slumber Party (feat. Amber & Sofia)

The Cast of Sofia the First

Amber -

Sofia, pinecones are not part of a perfect princess slumber party.

Oh, I thought I explained this before,

But I guess I'll have to do it again.

Our perfect slumber party is just about to begin and at a Perfect slumber party, everybody's gotta fit in.

There's a certain way we do things,

We don't snort and we don't squeal,

And running around with pinecones

Really isn't part of the deal,

We do our hair, we have some tea

And when we sing its soft and always on key,

And by chance, if we should dance, we'd waltz elegantly. Girls -

That's our perfect slumber party

Amber -

And that's the way it's always been Girls -

The jist of it to be a hit, you gotta fit,

Everybody's gotta fit in.

Everybody's gotta fit in, they gotta fit in. Sophia -

At a perfect slumber party

Why should we all act the same?

Cause at a perfect slumber party

Isn't fun the name of the game?

Why can't they bounce on every bed?

Or wear a dozen pinecones all over their head?

Give their dance a single chance,

It may be as fun as they said. Amber -

Oh Sofia,

Its our perfect slumber party,

And our patience is wearing thin.

They need to quit

You must admit

They're not gonna fit Girls -

They're not gonna fit

They're not gonna fit Amber -

And everybody's gotta fit in. Sofia -

I've gotta help 'em fit in. Girls -

They're never gonna fit in. Sofia -

They can fit in. Girls -

At a perfect slumber party,

They'll never fit in
They'll never fit in Sofia -
I'm gonna help 'em fit in. Amber -
Good luck.
