Hard For The Heart

Duffy

(Hard for the heart 2x)
I never choose to be poor so what's become of me,
Nor did i choose this Faith,
I never thought life would be so hard for me,
I guess it is just my Faith,
If these walls down go up for me
There will be pretty sure i can lost this surrender
If these walls go up for me,
There will be tell you lost in so many ways,
I am looking for safety,
What is it all about,
For somebody to tell me,
Take away this vow,
Life is a play and we all play a part,
But it often gets hard for the heart (2x)

Hard for the heart
Who ever thougth I ever questioned mortality,
It is given time and space,
And who ever says we belong to society,
The only human race,
If these wall wil comforth me,
There will, pretty sure i am lost for so manyh ways
If these walls come talk to me,
There would I be for lost so many ways
I am looking for safety,
What is it all about,
Will somebody tell me
Take away this vow,
Life is a play and we all play a part,
But is often gets hard for the heart.
