

# The Way That You Do

Ross Lynch

Sometimes it feels like  
You lost your swag  
You got a kick me sign coverin'  
The skills that you have  
And it all looks wrong  
When your lookin' down  
You get dizzy doinG 360's  
And you can't break outEven when you feel like you  
Ain't all that just don't forget  
That I got your back, now turn up  
The beat and bump that track, yeahNobody rocks it the way that you do  
You got style pop your collar cuz' your all  
Kinds of cool, your legit, your the boss  
Even when the mic is off  
Nobody rocks it, ro-rocks it  
The way that you do, no-o-o  
The way that you do do doCan't let one bad thing go and crush your ways  
You got your epic wins 300 and 64 days  
And it's feelin like your games crazy off  
But all you need is to bring the heat and to get back on topEven when you feel like you  
Ain't all that just don't forget  
That I got your back, now turn up  
The beat and bump that track YEAHNobody rocks it the way that you do  
You got style pop your collar cuz' your all  
Kinds of cool, your legit, your the boss  
Even when the mic is off  
Nobody rocks it, ro-rocks it  
The way that you do, no-o-o  
The way that you do do doYour off the charts,  
Your number one,  
You got the fire and you can't be undone  
Your breaking records and your makin em pop  
You got the fire so keep burning it upNobody rocks it the way that you do  
You got style pop your collar cuz' your all  
Kinds of cool, your legit, your the boss  
Even when the mic is off  
Nobody rocks it, ro-rocks it  
The way that you doNobody rocks it the way that you do  
You got style pop your collar cuz' your all

Kinds of cool, your legit, your the boss  
Even when the mic is off  
Nobody rocks it, ro-rocks it  
The way that you do no no no
