

# Show Me the Way

## Penguin Prison

Can you give me more than what I want  
'Cause Im already over and you take too long  
'Cause theres something else that you never thought  
Go on, think it over 'Cause I dont know what I like  
I can't begin, cause I don't know what is like  
It never ends, cause I don't know how to fight  
I've never been anyone that I want, anyone that I want  
Over and over, once you get over  
It never gonna end, it's never gonna end  
Show me the way, just a little late  
But it's never gonna end, it's never gonna end  
Show me the way, just don't sit and wait  
or it's never gonna end, or it's never gonna end Everything I know I can't tell anyone, anyway  
'Cause I don't know what I like  
I can't begin 'cause I don't know what is like  
It never ends, oh no I've been Over and over, once you get over  
It's never gonna end, it's never gonna end Show me the way, just a little late  
But it's never gonna end, it's never gonna end  
Show me the way, just don't sit and wait  
No, it's never gonna end, it's never gonna end.  
Never gonna end Show me the way, just a little late  
But it's never gonna end, it's never gonna end  
Show me the way, just don't sit and wait  
No, it's never gonna end, it's never gonna end.
