

It's Only Love

[Phil Vassar](#)

It's only love, it's only love, it's only love
Don't give me that poor, pitiful sorry I broke your heart look
Don't act like it's something I can't live without that you took
I ain't gonna bury my head in the sand, I'm stronger than that
I'm gonna spring right back like a rubber band, I know that I can
It's only love, it ain't nothing but oxygen and
water, sun to the sunlight
What keeps the universe spinning, the reason for living
What you looked for your whole life
You won't catch me crying over all that sentimental stuff
'Cause it ain't nothing I can't rise above, it's only love
I'm not surprised, maybe I'm caught a little off guard
But I will survive, it'll just leave a minimal scar
This is what you want I wish you well, cest la' vive
Change is good, it ain't no big deal, don't worry 'bout me 'cause
It's only love, it ain't nothing but oxygen and
water, sun to the sunlight
What keeps the universe spinning, the reason for living
What you looked for your whole life
You won't catch me crying over all that sentimental stuff
'Cause it ain't nothing I can't rise above, it's only love
Tomorrow I might not be quite so tough
'Cause after all it's only love
It's only love, it ain't nothing but oxygen and water, sun to the sunlight
What keeps the universe spinning, the reason for living
What you looked for your whole life
You won't catch me crying over all that sentimental stuff
'Cause it ain't nothing I can't rise above, it's only love
Yeah, it's only love
(It's only love, it's only love, it's only love)
It's only love
(It's only love, it's only love, it's only love)
(It's only love, it's only love, it's only love)
