

Nobody's Perfect

Mike & The Mechanics

It must be hard being an angel
When the devil in your heart
Won't set you free
It must be hard being an angel
When the world has let you down
Imperfection all around
Hey look at me, it must be hard
It must be hard, it must be hard
Nobody's perfect all of the time
Nobody's perfect, we are what we are
There's no perfect reason and no perfect rhyme
For most of the time that's what we're looking for
Gentlemen, gentlemen please
Can you please support the notion
Of what I'm saying here
That the person here in question

Must be an angel here on Earth
If they can't see a human being
For what a human being's really worth
Gentlemen please
Nobody's perfect all of the time
Nobody's perfect, we are what we are
There's no perfect reason and no perfect rhyme
For most of the time that's what we're looking for
It must be hard being an angel
It must be hard when the world has let you down
It must be hard being an angel, it must be hard
Nobody's perfect all of the time
Nobody's perfect, we are what we are
There's no perfect reason and no perfect rhyme
For most of the time that's what we're looking for
