# Boiler (Me Boiler 'N' Me)

## Hanoi Rocks

Me boiler's walking down the street
High heels, lips of my beauty queen
When I look her in the eyes
I never tell no lies
No, no, na, na, noLife took a sudden turn
When she made my poor heart burn
I used to be a lonely bloke
I thought romance was a joke
Yeah, yeah, ye, ye, yeahShe's me boiler and I love her so
Never ever gonna let her go
I'm her boy and her toy's in me pantsRonettes are on the radio
And we always sing along
She's the first bird on me list
She makes me have one off the wrist
Yeah, yeah, ye, ye, yeahShe's me boiler and I love her so
Never ever gonna let her go
I'm her boy and her toy's in me pantsWhen me boiler starts to scream and shout
I whisper "Doll do leave it out"
I have a booze-up with me mates
And I don't come home 'till lateMe boiler and me
Me boiler and me
Me boiler and me
