Listen

BeyoncÃ" Knowles

Listen in the places you hide Listen through the stillness inside Yeah, yeah, yeah listen To the words that are near And try to hear Listen take one less step away Please listen love may persuade you to stay Yeah, yeah, yeah baby listen Past the sound of your fear And try to hear Two hearts that doubted now beg to believe Aching in silence each whispers a plea Secrets of longing kept buried away Sadly their calling grows weaker each day, yeah Please listen for hope that's been left behind Listen to the small traces you find Yeah, yeah, baby please listen Before this chance disappears

And try to hear Listen in the places you hide Yeah, listen through the stillness inside Please, please, baby listen For the love that is near And try to hear Listen take one less step away Yeah, yeah, yeah, listen Don't run so far off today Please, please, baby listen Push aside all your fears And try to hear Yeah, listen Listen, please, baby listen Yeah, yeah, yeah, baby listen Past the sound of all fears And try to hear
