

Black Market Blood

Placebo

Wasted face that swallowed time
With Armageddon crawling
She's insane, this friend of mine
And she's always bawlingHear her calling
Hear her calling you
Hear her calling
Hear her calling youThere's a place within her mind
With rains already falling
She's insane, this friend of mine
And she's always bawlingHear her calling
Hear her calling you
Hear her calling
Hear her calling youShe's preparing for the flood
The deluge and the sliding mud
She's preparing for the flood
Running on black market blood
Black market bloodWasted face that swallowed time
With Armageddon crawling
She's insane, this friend of mine
And she's always bawlingHear her calling
Hear her calling you
Hear her calling
Hear her calling youShe's preparing for the flood
The deluge and the sliding mud
She's preparing for the flood
Running on black market bloodBlack market blood
Black market blood
Black market blood
Black market
