

Summer's Colour

Basement

Wait for our moon
Covered in ribbon so I can
Present it to youFriend of a friend
They mentioned you and me
I'm lost in youPrincess in a white dress
Queen in a dream
Princess in a white dress
Queen in a dreamLet's go outside and admire shooting stars
It's true, I do
You leave the scene, so quiet and patiently
I'm lost without youPrincess in a white dress
Queen in a dream
Princess in a white dress
Queen in a dreamQueen in a dream
Queen in a dream
Queen in a dream
Queen in a dreamWait for our moon
