

Nothing Left Inside

Black Flag

Nothing
Nothing
Nothing left inside Love
Love
Nothing left inside Pain in my heart
Pain hurts my heart
Nothing left inside Lies
Your lies
Nothing left inside I built it up
I broke it down
Nothing left inside Leach
Drained me dry
Nothing left inside Lonely, lonely, lonely
Lonely, lonely boy
Nothing left inside I want to see you
I want to see you
I want you to see my eyes
Nothing left inside Nothing left inside
