

Keep the Faith

The Neurotics

Keep The Faith

Keep the faith, oh, we gotta, gotta, keep the faith

Keep the faith, oh give me strength

Yeah, we've gotta, gotta, keep the faith

Keep the faith, yeah, oh we've gotta, gotta, keep the faith

Keep the faith, oh, oh, oh, oh, oh, oh

There's something wrong, I am sure

When we measure how well we're off by the poverty next door

There's something wrong 'round here

We should be broadening horizons and not closing down the wards

Faint-hearted stand aside

You have not got the pride

Needed day by day to retrieve this battered land

And Keep the Faith

There's no compassion here

There's too much business interest in South African affairs

Black acrid smoke fills the air

Her little pearls of wisdom form a necklace of despair

Faint-hearted stand aside

You have not got the pride

Needed day by day to retrieve this battered land

And keep the faith

Keep the faith, oh

Yeah, we've gotta, gotta, keep the faith

Keep the faith, oh give me strength

Yeah, we've gotta, gotta, keep the faith

We need change why do you find that strange?

I will testify to you, there's so much here we could improve

We need change, why do you find that strange?

I will testify to you, and I have Marx to prove it too

Look what they're doing to the youth

Behold the new slave trade, behold the closing schools

They will waste the best in you

So, gather up all your convictions

Let's remove these evil fools

Faint-hearted stand aside
You have not got the pride
Needed day by day to retrieve this battered land
And keep the faith
Keep the faith, oh
Yeah, we've gotta, gotta, keep the faith
Keep the faith, oh give me strength
Oh, we've gotta, gotta, keep the faith
Keep the faith, yeah
Oh we've gotta, gotta, keep the faith
Keep the faith, oh, yeah we have got to keep the faith
