## **Stay With Me**

## **Amos Lee**

One by one we watch them fall Like trees on the country side Yeah, you stayed right with me, babe To wave off the rolling tideAre you stayin'? Stay with me Are you stayin'? Stay with meAll through every broken bone Oh, how you watched them heal Now you never turned away You were never afraid to feelAre you stayin'? Stay with me Are you stayin'? Stay with meWhoa, and when the morning comes Just know, darling, I've had every moon onOh, and when the winter comes Whoa, and you can't decide For your rabbit to run Or your rabbit to hideStay Stay with me Will you stay?

Stay with meWill you stay?
Stay with me
Will you stay?
Stay with meWill you stay?
Stay
