["Psycho Bitch":]

I think your amazing

I think your wonderful [x4]Your incredible and your amazing

And I want you in my life forever

And where gonna be great together [x6]

Where gonna be beautiful together [x3]

And let me show you what I can do [x3]

Let me show you how fast I can get to your heartAwh shit here we go again[Intro: Tech N9ne]

When you met her

She was right so thick

Something better then a wife, no glitch

She won't stop ever, but she might go click

If you leave her you'll see a PSYCHO BITCH

Now she's callin your crib, at nights so sick

Wanna pop up and try ta fight your chick

Lorena Bobbitt, Told her to slice yo dick

If you Ever break up with a Psycho bitch[Verse I: Tech N9ne]

Don't give me that shit

But a nigga don't care, never could it be fair

Then I was up in a middle lover

Came a double dare when

I woke up

I was in a Mutha fuckin nightmare

How you gonna fuck me on Sunday

Then you wanna say you love me on Monday

You buggin,

Thinking everybody gotta bow down because your off in your lovin'

If your on your telephone

And then she lose it when you use it

If sleep, don't leave it on, nigga, for true she will go though with it

She call a bitch back from your phone and chew the chick a new uterus

Even if that situation not lewd the bitch is ludicrous

Bad when you gotta better bitch around

Sad cause you never wanna kiss her now

Never would got up in the women

If I knew about menace

And now never wanna take her down

If she take her seroquel, and selects

The bitch would probably stop and then try to catch yea

Slipin with a beauty itchin to get chya
You betta hope you neva leavin the stretcha
If you with a psycho
Don't go thought with it
Be throught with it
Right in the midst of happiness
Her mood will switch and ruin it.
You thinking you know women and your just so intuitive
Bet that a nigga,
That in back,
At the end of this
You will have to shoot a bitch[Chorus:]
[Big Krizz Kaliko]

[Liquid Assassin:]

She's so sick with it, I stick hit it, and dick fit it
Never did I think for a minute to quit, quit it
Chickens on the livin, and trippin to get hit it
Turn around flip and then get you into deep shitted
Pussy was imbedded and get it your indebted
You could make a penny or money the man said it
You can run a bitch by adjusting the antennas
But if she demand it your betta forget it

When your eyes closed she's liable
Like I know to move on you like Tae Bo
Even I know this sly hoe like rivals
Been turn you into five-Oh
Either that and your turn your back
And the bitch attack with a blade up in your spinal

Should have listen to phone call, just stop with them harassing threats
