

# Love You From Here

[Jon Pardi](#)

You packed your clothes and all your stuff  
'Til there was nothin' left of us  
Guess what we had ain't enough  
That map beside you on the seat  
Is ridin' right where I wanna be  
Wish I could stop your leavin' me[Chorus]  
But no matter how far you go  
My love is strong, won't lose a hold  
Just 'cause you're gone won't mean we've disappeared  
I can still love you from hereIt's your decision, it's not mine  
You're the one who drew this line  
I know I can't change your mind  
You might wind up in Santa Fe  
Santa Cruz or in L.A.  
Across the ocean that's okay  
Just know that[Chorus]  
But no matter how far you go  
My love is strong, won't lose a hold  
Just 'cause you're gone won't mean we've disappeared  
I can still love you from hereIf you leave now you'll just ride into the sun  
So, why don't you wait 'til mornin' comes?  
Just know that[Chorus]  
But no matter how far you go  
My love is strong, won't lose a hold  
Just 'cause you're gone won't mean we've disappeared  
I can still love you from hereI can still love you from here
