Write It Down In Blue

Alabama

Everyone knows it, see talks goin' 'round
It ain't no secret 'cause it's all over town
Some people are talkin' that we know so well
Everyone's heard it but the one you can't tell
Write it down in blue, sorry I don't love you
If you can't face the truth
And you can't say we're through
Write it down in blue
What you are feeling, you just can't explain
Oh, you got your reasons, now you just can't change
And there's no way to hide it 'cause baby I can see
So if you can't say it then do this for me
Write it down in blue, sorry I don't love you
If you can't face the truth
And you can't say we're through
Write it down in blue
Yeah, that's the thing to do
If you can't say it's over
And you can't say we're through
Write it down in blue
Blue, blue, blue

Write it down in blue, oh
Blue, blue, blue
Write it down in blue
Write it down in blue
Everyone knows it, see talks goin' 'round
It ain't no secret, it's all over town
Some people are talkin' that we know so well
Everyone's heard it but the one you can't tell
Write it down in blue, yeah I don't love you
If you can't face the truth
And you can't say we're through
Write it down in blue
Yeah, that's the thing to do
If you can't say it's over
And you can't say we're through
Write it down in blue, oh yeah
Write it down, write it down

Write it down in blue
Write it down, write it down
Write it down in blue
