

Mama Didn't Raise No Fool

Joe Louis Walker

If I was a fool, it would sure be easy
I could fall, oh baby, for your wicked smile
Buy you a drink, whisper some lie, oh no

And we could go somewhere quiet, for a little while
But my mama she didn't raise no fool

She said, you be careful what you do
Don't let no-one take advantage of you
But my mama she didn't raise no fool

No fool
If I was a fool, I'd forget those promises I already have made

Wipe my woman from my mind, so we could play, oh baby

If I was a fool, I'd follow you home
I would hug you, kiss you and squeeze you, all night long
But no...

My mama she didn't raise no fool
She said, you be careful what you do
Don't let no-one take advantage of you
Cause my ma she didn't raise no fool
