

# Affluenza

## People Corrupting People

“Let’s fucking rage!”  
Is what he said to me  
As he looked at me so maniacally  
Like a peasant cluttering the air beneath his knees.  
“Get out of my way!”  
We passed a homeless man who was down on his luck  
Saying, “If I was drunk his time would most certainly be up!  
Say can you see? The problem isn’t me.  
And speaking of being up, we should do some PCP!”

Dream! Cuz nothing is forever  
Live! Because you’ll die today  
Scream! Beggars never get better  
Kill! Who needs them anyway?

Affluenza is gonna get ya  
Because it sure feels good (to be me)  
Affluenza, is it in ya?  
Because some cold hard cash can set you free.

“My moms!  
She did right by me, taught me everything  
Like how to ignore my emotions and the rights of humanity.  
In this life, I get what I want cuz I walk the talk  
And my favorite part is if you get in my way  
You can count on being stopped!”

Kill! Cuz nothing really matters  
Scream! At the insanity  
Live! Whilst all the cattle scatter  
Dream! To one day be like me!

Affluenza is gonna get ya  
Because it sure feels good (to be me)  
Affluenza, is it in ya?  
Because some cold hard cash is the disease

Affluenza is gonna get ya  
Because it sure feels good (to be me)  
Affluenza, is it in ya?

Because some cold hard cash is all I need

Letâ€™s fucking rage!
