I Gotta Know Tonight

Darius

I feel vulnerable, I'm scared...
I hang on every word like
Like there's a hidden meaning.
It caught me unprepared...
Now I'm climbing up the wall
That stands between us.I keep hoping it's my
Imagination,
Playing tricks with my heart
On this occasion,
I've just got this sinking
FeelingSo whose gonna drown
Now the dams about to break?
Tell me if it's me
I gotta know...
I'm strong enough to tell you
That it's more than I can take -
I'm just hanging by a thread,
Gotta feeling I'm in over my
Head,
Can't wait until tomorrow...
Gotta know tonight.I feel naked in your eyes
I'm so outta control feels like
I'm freewheeling
Are we running out of time?
I gotta find a way
To stop this feeling...I keep hoping it's my
Imagination,
Playing tricks with my heart
On this occasion,
I've just got this sinking
FeelingChorusCos when you pull back the covers,
Its one way or the other,
Oh yeah,
It's getting closer to midnight -
I gotta go,
Can't wait until tomorrow...
I gotta know -Chorus
