Loco

Siddhartha

Pull
Steamroller rollin' through my head said
Attached to loco power up coal
Through the system out to the right said
You're in my light
Lock down the generator, on man screw
Don't use the system, use the main plan
Full power up to the point man
Don't fuck with me
Me loco, me loco
Me loco, me loco
Me loco, me loco
Me loco, me loco
Pull
Steamroller rollin' through my head said
Attached to loco power up coal
Through the system out to the right said
You're in my light
Lock down the generator, on man screw
Don't use the system, use the main plan
Full power up to the point man
Don't fuck with me
Me loco, me loco
Me loco, me loco
Me loco, me loco
Me loco, me loco
[Incomprehensible]Steamroller rollin' through my head said
Attached to loco power up coal
Through the system out to the right said
You're in my light
Lock down the generator, on man screw
Don't use the system, use the main plan
Full power up to the point man
Don't fuck with me
Me loco, me loco
Me loco, me loco
Me loco, me loco
Me loco, me loco
