

The Ballad Of Gonzo Babbleshit

Satanic Surfers

The boss told the worker should be glad that he's got a job
There's a lot of people out there who in fact do not So don't join the union boy, "Is that an implicit threat?"
Set us up 'gainst each other, divide and conquer
Fire me if you want but I won't back down
It just ain't fair that you should benefit from us
Being overworked and underpaid So the boss pays on of his employees a little bit more
"Keep an eye on the others", but the workers united
(Will never be invaded)
Yeah, the workers united
(Will never be invaded) So fuck you very much
Yeah, fuck you very much indeed
That's the story so far of Gonzo Babbleshit
That's the story so far of Gonzo Babbleshit
