

# To Feel The Fire

Stevie Wonder

My outer self looks happy as can be  
A perfect dream love as clear as all can see  
But just like that, real, has hit me suddenly  
My outer is a liar  
Cause when I look inside my heart and I tell the truth to me  
Loud and clear my soul cries out with total honesty  
I need the fire, fire, fire to keep me warm  
I got to feel the fire My smiling face, with laughter on the side  
You'd say no doubt I get passion every night  
But if in our bed your arms don't hold me tight  
Means it leaves much to be desired Cause when I look inside my heart and I tell the truth to me  
Loud and clear my soul cries out with total honesty  
I need the fire, fire, fire to keep me warm  
I got to feel the fire And if you look into my eyes and you told yourself the truth  
You can't make a body hot if you don't light the fuse  
I need your fire, fire, fire to keep me warm  
I got to feel the fire It don't take a rocket scientist to know  
That if you don't fan the flame then the fire will eventually go Cause when I look inside my heart and I tell the truth to me  
Loud and clear my soul cries out with total honesty  
I need the fire, fire, fire to keep me warm  
I got to feel the fire Cause when I look inside my heart and I tell the truth to me  
Loud and clear my soul cries out with total honesty  
I need your fire, fire, fire to keep me warm  
I got to feel the fire  
I need the fire, fire, fire to keep me warm  
I got to feel the fire To keep me warm, I got to feel the fire
