Weight (Nightbugs)

Sarah Slean

What did I give to you
What did you give to me
A nothing-trail of silences that warp in the rain
You said I don't really know the reason
It's just not the same
What a vacant breath and when,
When you say my nameAnd do you know the weight I'm under
When everything revolves around you you you you
Soon the shoulder fallsAll forgotten handshakes
Names like falling leaves
Apathy will spread like wildfire
Take you away from me
I'm leaning out the window
Gonna catch the August rain
I'm gonna fill your mouth up
Make you live againAnd do you know the weight I'm under
When everything revolves around you you you you
Soon the shoulder falls.
