Lose Myself

Jc Chasez

She loves daffodils and she keeps them on her windowsill
When the wind blows her smell fills the room
She dreams in color but does she know that I love her?
I swimming in my abyss of insecure blue, yeah
And I'm losing my head
And I can't get no sleep
But if I reached out
Would you reach out for me?
Knocked unconscious
Walking on water 'cause I'm thinking of you
Don't you know that love's intoxicating
And I need the abuse?
Because I'm nervously fallin', you're my destiny callin'
What you're making me do?
It's all because I lose myself in you
All because I lose myself in you
I don't wanna be invisible, I just wanna be compatible
Longing for something that can only be filled by you, yeah
'Cause I'm fighting with my confidence
Build up my courage, give myself a chance
Because the only thing I think about it is you, yeah
Do you know that I'm here?
Do I even exist?
I'd dance on velvet skies
For just the thought of one kiss, yeah
Knocked unconscious
Walking on water 'cause I'm thinking of you
Don't you know that love's intoxicating
And I need the abuse?
Because I'm nervously fallin', you're my destiny callin'
What you're making me do?
All because I lose myself in you
All because I lose myself in you
I see the beauty in your strength, baby
And you fight to keep it in you, yea
But I break down your walls
With my army of love
Take a journey through my heart, it's a test of fate
As we hold each other close, our spirits gravitate

Let's drift into forever
As our boundaries melt away, yeah
Thinking of you
I find myself intoxicated by this drug
Sent to my knees 'cause I'm addicted to your love
All because I lose myself in you
All because I lose myself in you
All because I lose, I lose myself in you
All because I lose myself in you
If you share with me, then I'll find you
And I'll meet you there, down in nowhere
If you share with me, then I'll find you
And I'll meet you there, down in nowhere
Baby, my life is yours, just open up the door
I can't believe I found you, yeah, yeah
'Cause if you share with me, then I'll find you
And I'll meet you there, down in nowhere
Down in nowhere, yeah, yeah, oh, lose myself, yeah, yeah, oh
