He Say She Say

Shad

Annotate 1:
And you would always say wait till I'm the unsigned hype
The best ten freshman the new star
Trekking with the next gen
The next gem the next big thing on planet rock
Get the guap prosper and live long
When your Kirk girls wanna cling on
Wanna get beamed up wanna put some bling on
Same old song except they sing wrong
Baby if you liked it then you shoulda put your blackberry ring on
Now he's outer space but she's not out of mind
Deanna Troi sends her eons out of time
He paints the wrong picture she's drawn out of line
Says she's gone and he says that she left without a sign
He says whatever I'm better without a dime
He tells her good thing I pegged you around the nine
She laughs and says he's never clever without a rhyme
We're both out of love they say out of pride
Then i wanted to do a verse about how they worked it out but...She says it's different for a girl turning 30
He says is that a crack about me not maturing?
Cuz I'm just deferring the term I'll be back in the spring
I'm just waiting for my break got the cast in a sling
He says the queen is the back of her king
But she's mad at her lack of a ring
She says it better get bought
Quit playing games you getting an ex off that Xbox
I love you boy but I need a man Peter Pan
Syndrome ain't even been home to meet the fam
You could barely feed the plants you can hardly cook a bowl of cereal
Its not cute in the evening eating these Cheerios
He says oh here we go she says but here me though
Baby I don't care that your lyrical
And why you always talking bout Star Wars whatever Star Trek
I ain't even mad you ain't a star yet
